

CWI LIVE NEWSROOM — RESEARCH PACK

Coverage Period: 30 May 2026 to 5 June 2026

Cockroach Watch India — Document. Verify. Amplify.

Compiled: 5 June 2026 | Status: Publish-ready drafts included

Topics: NEET · CBSE OSM · CUET · JEE Advanced · Sonam Wangchuk · Cockroach Janta Party · Delhi Airport

CWI Editorial Note: All facts below are sourced from named publications with dates. Claims not independently confirmed by CWI are labelled "Reported." Developing items are clearly marked. No social media screenshots are treated as primary sources.

SECTION A — MASTER TIMELINE

30 May to 5 June 2026

Date	Event	Topic	Status
30 May 2026	Supreme Court directs Centre to prepare NTA restructuring roadmap	NEET/NTA	Confirmed
30 May 2026	SC bench: "The real problem won't stop till actual accountability arises"	NEET/NTA	Confirmed
30 May 2026	SC criticises "ad-hocism" in exam institutions; suggests permanent NTA expert body	NEET/NTA	Confirmed
30 May 2026	SC directs MHRD (not Health Ministry) to file affidavit on NTA reforms	NEET/NTA	Confirmed
30 May 2026	CBSE OSM protest at Indira Bhawan, New Delhi (photo: PTI)	CBSE	Confirmed
31 May 2026	CUET-UG 2026 delayed at multiple centres due to TCS technical glitch	CUET	Confirmed

Date	Event	Topic	Status
31 May 2026	NTA announces compensatory time for CUET-UG affected candidates	CUET	Confirmed
31 May 2026	Rahul Gandhi: "NEET. CBSE. SSC. And today CUET. Four exams. One crore children. Not a single one conducted with honesty."	Political	Reported
01 June 2026	JEE Advanced 2026 results declared by IIT Roorkee	JEE Advanced	Confirmed
02 June 2026	16-year-old researcher Rylen Anil finds cloud storage exposure: 1.79 lakh result records + 1.87 lakh admit card PDFs publicly accessible without login	JEE Advanced	Confirmed
02 June 2026	IIT Roorkee acknowledges: "The same is being plugged on priority. Data was read-only."	JEE Advanced	Confirmed
03 June 2026	CJP holds first-ever press conference at Constitution Club, New Delhi; spokespersons: Saurav Das, Vijeta Dahiya, Ashutosh Ranka	CJP	Confirmed
03 June 2026	CJP demands resignation of Education Minister Dharmendra Pradhan	CJP	Confirmed
03 June 2026	CJP confirms June 6 Jantar Mantar protest (pending police permission)	CJP	Confirmed
03 June 2026	CJP demands Pradhan's resignation over JEE Advanced data exposure	CJP/JEE	Confirmed
03 June 2026	Sonam Wangchuk (June 2 PTI): Will join June 6 protest if Pradhan doesn't resign by June 5	Sonam Wangchuk	Confirmed
04 June 2026	CJP founder Dipke reverses airport call: "Do not come to Delhi airport"	CJP	Confirmed

Date	Event	Topic	Status
04 June 2026	Dipke: "I will most likely be arrested at the airport" upon arrival June 6	CJP	Reported (Dipke statement)
04 June 2026	Viral claims: Dipke being "deported" from US — CJP says he is returning voluntarily after completing education in Boston	CJP	Fact-checked (deportation claim unverified)
04 June 2026	CNBC covers CJP: "India's 'Cockroach' CJP party — What investors need to know"	CJP	Confirmed
05 June 2026	Education Minister Dharmendra Pradhan has not resigned as of 5 June 2026	Political	Confirmed
06 June 2026	CJP protest at Jantar Mantar + Dipke returns from US — DEVELOPING TODAY	CJP	Developing

SECTION B — NEET UG 2026 UPDATE

(Post-30 May developments)

What happened since May 30

Supreme Court (30 May 2026)

The bench of Justices PS Narasimha and Alok Aradhe directed the Centre to prepare a comprehensive NTA restructuring roadmap. Key observations:

- "The real problem won't stop till actual accountability arises. Unless you identify the duty holders, it will be a diffused obligation." (Bench, Bar and Bench)
- Court criticised "ad-hocism" in Indian institutions
- Suggested creation of a permanent expert body within NTA for ongoing oversight
- Emphasised IIT collaboration on AI, digital monitoring, and exam technology

- Directed Ministry of Human Resource Development (not Union Health Ministry) to file affidavit
- Listed for further hearing: **July 2026**

CBT petition rejected (May 2026)

The Supreme Court (Justices PS Narasimha and Aravind Kumar) also **refused a separate petition** seeking Computer-Based Test (CBT) mode for the June 21 re-exam, saying there was no justification for changing format at this stage. (Medical Dialogues)

Key confirmed facts for re-exam

- **Re-exam date:** June 21, 2026 (Sunday)
- **Centres:** 5,400+ across 550 cities
- **Candidates:** 22+ lakh (no fresh registration required)
- **Exam timing:** 2:00 PM to 5:15 PM (15-minute extension per Education Minister)
- **Admit cards:** Release date — June 14, 2026
- **Fee refund:** Portal extended to June 22 at neet.nta.nic.in
- **City intimation slip:** To be released soon
- **MBBS admission:** MCC counselling expected August 2026, compressed Oct-Nov 2026 completion

CBI probe status (as of 5 June 2026)

- 13 accused arrested from Delhi, Jaipur, Gurugram, Nashik, Pune, Latur, Ahilyanagar
- Key arrests: Pune-based chemistry professor P V Kulkarni (described as main accused with NTA links); biology professor Manisha Gurunath Mandhare (biology paper); Shivaraj Motegaonkar (Latur coaching institute owner, arrested May 18); school headmistress Manisha Sanjay Havaladar (Pune) arrested May 22 — reportedly recalled physics questions from memory and shared them, then burned notes
- CBI found evidence suggesting NEET UG 2025 question paper was also compromised by the same network (Wikipedia, citation needed — CWI labels this Developing)
- A "student" arrested May 26 was found to be a physics teacher named Tejas Harshadkumar
- Case referred by Department of Higher Education; CBI says source of leak identified

What remains unclear

- Whether IAF transport of question papers for re-exam is finalised
- Whether June 21 re-exam faces further legal challenge
- Whether NTA internal officials face direct accountability
- Whether NEET shifts to CBT mode (HPSC to decide after re-exam)

- Final count of arrests — more may follow

From next year: NEET to be Computer-Based Test

Education Minister Pradhan stated NEET will move to CBT format from 2027 — final decision pending. (Wikipedia, cited from multiple outlets)

CWI Verification Labels for NEET Articles

Claim	Status
NEET UG 2026 cancelled May 12	✅ Confirmed
Re-exam June 21	✅ Confirmed
13 CBI arrests	✅ Confirmed
SC directed NTA roadmap May 30	✅ Confirmed
IAF transport plan	⚠️ Reported — proposal, not finalised
NEET 2025 also compromised	⚠️ Developing — investigation claim
PM Modi "personally supervising"	⚠️ Reported — Centre's statement
CBT from 2027	⚠️ Reported — minister's stated intention, no formal order

SECTION C — CBSE CLASS 12 OSM CONTROVERSY

(This is the "CBSE row" fueling CJP's demand)

What happened

This is the story that was missing from the earlier CWI report — and it is central to the CJP's exam accountability demands.

When CBSE declared Class 12 results on May 13, 2026, the controversy erupted:

- Students reported unexpectedly low marks — especially in Physics, Chemistry, Mathematics, Accountancy, Economics
- Complaints of blurred scans making handwriting illegible
- Multi-page answers evaluated only partially
- Page-level errors not caught in real time
- JEE Main qualifiers reported surprise drops in theory marks
- Class 12 overall pass rate: **85.20%** — a **3.19% drop** from previous year, described as a multi-year low (Republic World, ANI, 24 May 2026)

Government response:

- Union Ministry of Education stepped in on **May 24, 2026** to monitor the situation
- MoE confirmed oversight of CBSE data logs during re-evaluation window
- Ministry stated "no child should be inconvenienced" during college admissions due to technical bottlenecks

Protests:

- Students protested at **Indira Bhawan, New Delhi on May 28, 2026** against OSM discrepancies (photo from The Week, PTI)

CBSE's position:

- CBSE maintains OSM makes evaluation "more transparent, efficient, and error-free"
- Post-result verification of marks is **discontinued** under new OSM system
- No post-result verification = no traditional rechecking option (Careers360, February 2026)

Teacher opposition (earlier):

- Delhi Government School Teachers' Association (GSTA) had urged CBSE in February 2026 to put OSM on hold: "Most teachers have not been provided with structured and certified training" (Careers360, February 27, 2026)

What remains unclear

- Total number of students affected

- Whether CBSE will reinstate a proper re-evaluation mechanism for 2026
- Whether any colleges will accept re-evaluation results for admission purposes
- Whether OSM will continue in 2027 or be modified

Why this matters to CWI

The CBSE OSM controversy is distinct from the CBSE "paper leak" question. It is not a paper leak — it is an **evaluation system malfunction** affecting lakhs of students during results. The CJP's demand for Pradhan's resignation cites this alongside NEET. When opposition leaders say "CBSE" in the same breath as "NEET," they mean this controversy — not a fake paper leak.

CWI must be precise: **CBSE paper leak = fake rumours in February 2026. CBSE OSM controversy = documented marking system complaints in May 2026. These are different events.**

Verification Labels

Claim	Status
CBSE introduced OSM for Class 12 in 2026	✅ Confirmed — CBSE circular, February 9, 2026
Results declared May 13, 2026	✅ Confirmed
Pass rate dropped to 85.20%	✅ Confirmed — Republic World/ANI, May 24
MoE stepped in to monitor	✅ Confirmed — ANI/Republic World, May 24
Protest at Indira Bhawan May 28	✅ Confirmed — The Week/PTI
OSM blurred scans, partial evaluation	⚠️ Reported — multiple student complaints; CBSE has not confirmed systemic failure
CBSE "paper leak" in May 2026	❌ No confirmed report — this is not the same as OSM controversy

SECTION D — CUET-UG 2026 TECHNICAL GLITCH

What happened

On **May 31, 2026 (Saturday)**, the Common University Entrance Test-Undergraduate (CUET-UG) 2026 was delayed at multiple centres across India including Delhi and Bengaluru due to a technical glitch.

What NTA said: A technical issue was reported by its technology partner TCS (Tata Consultancy Services) at several CUET-UG centres. NTA announced compensatory time for affected candidates. The afternoon session was delayed approximately one hour (3 PM to 4 PM start).

Political reaction:

- AAP leader Atishi: "First NEET, then CBSE, now CUET" — accused government of repeated exam mismanagement
- Rahul Gandhi on X: "NEET. CBSE. SSC. And today CUET. Four exams. One crore children. Not a single one conducted with honesty." He also questioned PM Modi's educational credentials
- AAP chief Arvind Kejriwal: "The country needs an educated PM"

What this means in context: The CUET glitch followed the NEET paper leak cancellation and the CBSE OSM controversy within the same exam season. Opposition framing has connected all these as a pattern of NTA/education system failure.

CWI verification: The glitch is confirmed. The political framing connecting all four exam controversies as a "pattern" is reported — each incident had different causes (paper leak, digital evaluation complaints, technical glitch). CWI covers each separately.

Claim	Status
CUET-UG delayed at multiple centres May 31	✓ Confirmed
NTA blamed TCS technical issue	✓ Confirmed — NTA statement
Compensatory time provided	✓ Confirmed — NTA announcement

Claim	Status
Opposition political criticism	✅ Confirmed — statements made and reported

SECTION E — JEE ADVANCED 2026 DATA EXPOSURE

What happened

June 1, 2026 — JEE Advanced 2026 results declared by IIT Roorkee.

June 2, 2026 — A 16-year-old cybersecurity researcher, Rylen Anil (handle: @DarthKermy72747), reported a cloud storage misconfiguration in the JEE Advanced results portal.

The exposure:

- **1,79,600 candidate result records** accessible without login
- **1,87,300 admit card PDF files** accessible without login
- Public cloud storage bucket linked to the results portal — anyone could view data without authentication
- No login or password required to access personal candidate information

IIT Roorkee's response (June 2, 2026): Acknowledged on X:

"Thank you @DarthKermy72747 for pointing out the configuration issue in the cloud storage device. The same is being plugged on priority. The data stored was read-only, so there was no possibility of any alteration. We applaud your responsible and ethical behaviour."

JEE Advanced 2026 exam details:

- Exam conducted: May 17, 2026 (not May 18 as one source states — CWI notes discrepancy)
- Conducted by: IIT Roorkee
- Results: June 1, 2026
- JoSAA counselling: Commenced June 2026

CJP's response (June 3-4, 2026):

- CJP demanded immediate dismissal of Education Minister Pradhan over the data breach

- Spokesperson Ashutosh Ranka (IIT Kanpur / LSE alumnus) cited the breach as evidence of "widespread incompetence within the administration of the country's educational framework and digital systems"

CWI Assessment

The exposure is confirmed. IIT Roorkee acknowledged it. The data was read-only — no confirmed alteration or malicious exploitation reported. The researcher acted ethically by disclosing responsibly. IIT Roorkee praised the disclosure.

The CJP's framing of this as "Pradhan's incompetence" is their political position — not a verified finding. CWI covers the confirmed data exposure, not the political attribution.

Verification Labels

Claim	Status
Cloud storage misconfiguration exposed JEE data	✅ Confirmed — IIT Roorkee acknowledgement
1.79 lakh result records + 1.87 lakh admit cards exposed	✅ Confirmed
Data was read-only; no alteration possible	✅ Confirmed — IIT Roorkee statement
Researcher acted ethically	✅ Confirmed
Data was maliciously used	❌ Not confirmed — no evidence of this

SECTION F — SONAM WANGCHUK AND CJP

Background: Wangchuk's recent history

Sonam Wangchuk, climate activist, education reformer, and Ladakh Sixth Schedule movement leader:

- Arrested under National Security Act (NSA)

- Released from **Jodhpur Central Jail on March 14, 2026** after Centre dropped NSA charges
- Ministry of Home Affairs stated the decision was to foster "environment of peace, stability, and mutual trust" for "meaningful dialogue"
- Post-release: Called for "give and take" approach between Centre and Apex Body Leh (ABL) / Kargil Democratic Alliance (KDA)
- Ladakh leaders responded: statehood and Sixth Schedule demands remain "non-negotiable"
- Centre had officially rejected Ladakh's twin demands (Sixth Schedule + statehood) in **February 2026**

Wangchuk joins CJP on exam accountability

June 2-3, 2026: Sonam Wangchuk announced he would join the CJP protest at Jantar Mantar on June 6 if Education Minister Dharmendra Pradhan does not resign by June 5.

What Wangchuk said (PTI, June 3, 2026):

- Spoke to CJP founder Abhijeet Dipke; found him "genuine" and someone who "deeply cares about the younger generation"
- Called for accountability: "In a self-respecting democracy, education ministers should resign when such failures occur"
- Said he would be "compelled to join you all on June 6, to make this request in Delhi" if no resignation by June 5
- Clarified his support stems from **broader education reform concerns**, not only NEET: "Many supporters mobilise over NEET, CBSE and CUET — my concern is larger: the state of education and implementation of reforms in the country"

CJP's response: CJP said "Sonam Wangchuk joins the Cockroach Movement! Thank you, sir, for joining"

As of June 5, 2026

Dharmendra Pradhan has not resigned. Wangchuk's stated condition for joining the June 6 protest has been met (no resignation by June 5). Whether Wangchuk attends Jantar Mantar on June 6 — **developing; protest is tomorrow**.

SECTION G — COCKROACH JANTA PARTY

Full Update: May 16 to June 5, 2026

Origins and context

15 May 2026: During a Supreme Court hearing, Chief Justice of India Surya Kant made remarks comparing unemployed youth to "cockroaches" and "parasites of society":

"There are youngsters like cockroaches, who don't get any employment or have any place in the profession. Some of them become media, some of them become social media, RTI activists, and other activists, and they start attacking everyone."

16 May 2026: Abhijeet Dipke, a political communications strategist and former Aam Aadmi Party worker, launched the Cockroach Janta Party on X. The name is a parody of the ruling Bharatiya Janata Party (BJP → CJP). Eligibility criteria listed as: unemployed, lazy, chronically online, able to rant professionally.

Growth and escalation

Date	Development
Within 78 hours	CJP Instagram crossed 3 million followers

Date	Development
Within 5 days	10 million+ followers — reportedly surpassed official BJP account
By late May	22+ million Instagram followers
350,000+	Sign-ups claimed on CJP's website
600,000+	Petition signatures demanding Pradhan's resignation (Dipke statement)

Platform actions

May 21, 2026 — MeitY directive:

- CJP's primary X (Twitter) account withheld inside India
- CJP's website blocked — government cited national security concerns
- Dipke: "The government has taken down our iconic website. 10 lakh cockroaches had signed up... 6 lakh had signed a petition." (Dipke on X)

May 23, 2026:

- Dipke claimed his personal Instagram was hacked
- CJP backup Instagram pages temporarily removed
- Al Jazeera, Business Today, PTI confirm government blocking
- New X handle launched: @Cockroachisback ("Cockroach is Back")

By late May:

- CJP Instagram account restored
- Dipke: "We are back on Instagram! Have recovered the account."

CWI note on platform actions: Website blocking and X withholding are confirmed by multiple outlets including Al Jazeera. Reasons cited by government: national security. CWI does not confirm whether "hacking" was by government, individuals, or others — this remains stated by Dipke but not independently verified.

First press conference — June 3, 2026

Venue: Constitution Club of India, Deputy Speaker Annexe, New Delhi

Time: 5:15 PM

Spokespersons: Saurav Das (former AAP activist and journalist), Vijeta Dahiya (content writer)

for Dhruv Rathee), Ashutosh Ranka (IIT Kanpur / LSE alumnus, formerly working in London)

Founder: Abhijeet Dipke — not present in person (still in Boston, US)

Key demands stated:

1. Resignation of Education Minister Dharmendra Pradhan
2. Accountability for NEET paper leak, CBSE OSM controversy, CUET glitch, SSC disruptions, JEE Advanced data breach
3. "We seek minimum accountability from this system where rot has set in." (Saurav Das)

Trolling and criticism:

- Press conference went viral — for both the cause and mockery of the spokespeople's presentation style
- Critics noted: Saurav Das (AAP-linked journalist) and Vijeta Dahiya (Dhruv Rathee content writer) — questioning political linkages
- Some users mocked the tone and format of the press conference
- CJP members responded that they were students and non-politicians, and asked critics to "show a big heart"
- CNBC covered CJP as a potential market and political risk factor

Cockroach Students' Union of India (CSUI):

- Student wing formed, associated with CJP
- Founded: ~May 20, 2026
- Supports: student participation in politics, affordable education, exam transparency, mental health, youth representation

The Delhi Airport episode — June 4-6, 2026

What happened:

1. Dipke (in Boston, completing education) announced return to India on June 6
2. Initially called on supporters to meet him at Indira Gandhi International Airport
3. Plan: supporters would accompany him from airport to Parliament Street Police Station to apply for Jantar Mantar protest permission
4. **Response was "beyond our imagination"** — thousands expressed intent to come
5. **June 4, 2026:** Dipke reversed — video message: "It is not feasible for so many people to assemble at the airport as it would cause inconvenience to the public and the security forces. So please do not come to Delhi airport."
6. New plan: Dipke goes directly to Parliament Street Police Station alone

7. Dipke: "I will most likely be arrested at the airport"

Deportation claim — fact-checked:

- Viral claim: Dipke is being "deported" from US
- CJP's position: He is returning voluntarily after completing education in Boston
- No official US deportation notice confirmed
- CJP says he expected to be arrested by Indian police upon arrival
- **CWI verdict: Deportation claim from US is unverified. CJP says voluntary return. This remains Developing.**

June 6 protest — Developing as of June 5 EOD

Status: Developing. Protest is scheduled for TODAY (June 6, 2026).

- Venue: Jantar Mantar, New Delhi (pending police permission)
- Permission application: Parliament Street Police Station
- CJP had not confirmed police permission as of June 4-5
- Sonam Wangchuk stated he would join if Pradhan has not resigned (Pradhan has not resigned as of June 5)
- Dipke expected to arrive from Boston on June 6
- CWI will update this article as events develop

The CBSE Row Explained: What Is the OSM Controversy and Why Are Students Protesting?

SEO Title: CBSE Class 12 OSM Controversy 2026: What Is On-Screen Marking and Why Are Students Protesting? — CWI

Meta description: CWI explains the CBSE Class 12 OSM marking system controversy — what the evaluation change was, what went wrong after May 13 results, why students protested at Indira Bhawan, and what the Ministry of Education is doing.

Label: Source-backed

Category: Students / Exam Accountability

Slug: /live-newsroom/cbse-class-12-osm-controversy-2026

Sources: 8 (CBSE official, Republic World/ANI, The Week/PTI, Careers360, NewsOnAir, Deccan Herald)

Published: 5 June 2026

Short answer

The "CBSE row" is not a paper leak. It is a marking system controversy. CBSE introduced digital On-Screen Marking (OSM) for Class 12 in 2026. After results on May 13, students reported blurred scans, partial evaluations, and unexpected low marks. The Class 12 pass rate dropped 3.19% to a multi-year low. Students protested. The Ministry of Education stepped in. This is the CBSE issue driving exam accountability demands.

What changed in 2026

For the first time at scale, CBSE evaluated Class 12 answer sheets digitally — 98.6 lakh physical answer scripts scanned and uploaded. Over 77,000 trained teachers evaluated them on a portal (cbse.onmark.co.in). No physical answer sheet dispatched to any examiner.

CBSE said the goals were: eliminate totalling errors, reduce manual coordination, speed up results. Post-result verification (traditional rechecking) was discontinued under the new system.

What students experienced after May 13 results

When results were declared on May 13, complaints came in almost immediately:

- Unexpectedly low marks in Physics, Chemistry, Mathematics, Accountancy, and Economics
- Blurred scans — some students' handwriting allegedly appeared illegible on screen
- Multi-page answers reportedly evaluated only partially

- JEE Main qualifiers reported surprise drops in theory component marks

CBSE maintained the system works as designed. The board has not officially acknowledged systemic failure.

Government response

On May 24, 2026, the Union Ministry of Education confirmed it had stepped in to monitor the situation. Ministry sources told ANI they were tracking data logs from the ongoing re-evaluation and verification window. The 3.19% drop in pass percentage was described as a factor being monitored.

"No child should be inconvenienced during college admissions due to initial technical bottlenecks," officials stated.

Students protest

On May 28, 2026, students protested at Indira Bhawan, New Delhi, demanding resolution of OSM-related discrepancies. PTI documented the protest. CJP later cited this CBSE controversy alongside NEET in its demands for the Education Minister's resignation.

What remains unclear

- How many students were affected
 - Whether CBSE will restore a proper re-evaluation mechanism for 2026 results
 - Whether OSM will be modified or maintained for 2027
 - Whether college admissions for affected students face disruption
-

CWI clarification

CWI notes: This is **not** a CBSE paper leak. CWI's earlier coverage (May 2026) reported CBSE warned against fake paper leak rumours during board exams in February. That warning was about fabricated social media claims. The OSM controversy is a separate, documented issue about **evaluation of answer sheets after exams concluded**. CWI keeps both in the record — correctly separated.

Short answer

Cockroach Janta Party is a youth-led satirical political movement, founded May 16, 2026 by Abhijeet Dipke in response to Chief Justice of India Surya Kant's "cockroaches" remark about unemployed youth. It grew to 22+ million Instagram followers within weeks. Its platform was blocked by the government. Its X account was withheld in India. It held its first press conference

on June 3. Its one demand: Education Minister Dharmendra Pradhan's resignation over exam failures. The June 6 Jantar Mantar protest is its first offline test.

How it started

On **May 15, 2026**, Chief Justice of India Surya Kant, during a Supreme Court hearing on advocate designations, remarked:

"There are youngsters like cockroaches, who don't get any employment or have any place in the profession. Some of them become media, some of them become social media, RTI activists, and other activists, and they start attacking everyone."

The following day, Abhijeet Dipke — a political communications strategist and former AAP worker — launched the Cockroach Janta Party on X. Its name deliberately parodies the ruling Bharatiya Janata Party. Its eligibility criteria: unemployed, lazy, chronically online, able to rant professionally.

The movement spread faster than almost any political account in India's recent social media history.

Growth

- 78 hours after launch: 3 million+ Instagram followers
 - Under 5 days: 10 million+ followers (reportedly overtaking official BJP account)
 - By late May: 22 million+ followers (confirmed Reuters, CNBC, multiple outlets)
 - 350,000+ sign-ups on the CJP website
 - 600,000+ petition signatures demanding Pradhan's resignation (Dipke's stated figure)
-

Platform actions

On **May 21, 2026**, the Ministry of Electronics and Information Technology directed:

- CJP's primary X account withheld in India
- CJP's website cockroachjantaparty.org blocked (national security cited)

CJP returned with a new X handle: @Cockroachisback

Dipke also claimed his personal Instagram was hacked. CJP backup pages were temporarily removed. Instagram account was later restored.

CWI note: Government website blocking is confirmed by multiple outlets. "Hacking" of Instagram remains Dipke's stated claim, not independently verified.

First press conference (June 3, 2026)

At the Constitution Club of India, three spokespeople spoke for CJP:

- **Saurav Das** — former AAP activist, journalist
- **Vijeta Dahiya** — content writer associated with Dhruv Rathee
- **Ashutosh Ranka** — IIT Kanpur / LSE alumnus, formerly in London

Their single demand: resignation of Education Minister Dharmendra Pradhan over NEET paper leak, CBSE OSM controversy, CUET glitch, SSC disruptions, JEE Advanced data breach.

"We seek minimum accountability from this system where rot has set in." — Saurav Das

The press conference also triggered trolling — critics noted the spokespeople's backgrounds and questioned political linkages to opposition parties. CJP has maintained it is non-partisan.

Sonam Wangchuk's support

On June 2-3, 2026, climate activist and education reformer Sonam Wangchuk announced he would join the June 6 protest if Pradhan does not resign by June 5. He said his support stems from broader concerns about the state of Indian education — beyond any single exam controversy.

The Delhi airport moment

Dipke, based in Boston (completing education), announced his return on June 6. He initially asked supporters to meet him at Delhi's Indira Gandhi International Airport. The response was "beyond our imagination" — he reversed the call on June 4, asking supporters not to come.

He said he would go directly to Parliament Street Police Station to apply for protest permission. He also said: "I will most likely be arrested at the airport."

Viral claims alleged Dipke was being deported from the US. CJP denied this. No deportation order has been confirmed. CWI labels the deportation claim as unverified.

June 6 — Developing

As of June 5, 2026:

- Education Minister Pradhan has not resigned
 - Protest permission status from Delhi Police is unclear
 - Dipke is expected to arrive in Delhi on June 6
 - Sonam Wangchuk may join
 - CWI is tracking this as Developing
-

CWI context

Cockroach Watch India — CWI is tracking CJP and the June 6 protest through the CWI Live Newsroom as part of its public archive on youth voice, Gen Z civic engagement, and public accountability movements. CWI's role is to document, verify, and amplify public-interest updates with source attribution and editorial caution. This article will be updated as events develop.

Disclaimer

This article separates confirmed facts from reported claims. Claims about Instagram hacking, deportation, and protest permission are labelled accordingly. CWI does not treat social media posts or screenshots as primary sources without corroboration.

DRAFT 6 — DEVELOPING / WATCH THIS

JEE Advanced 2026: A Teen Found a Government Data Leak. What Happened Next?

SEO Title: JEE Advanced 2026 Data Exposure: What a 16-Year-Old Found in IIT Roorkee's Cloud Storage — CWI

Meta description: A 16-year-old researcher found 1.79 lakh JEE Advanced 2026 candidate records publicly accessible without login. IIT Roorkee acknowledged and fixed it. CWI covers what happened, what was exposed, and what remains unclear.

Label: Source-backed

Category: Students / Digital Rights

Slug: /live-newsroom/jee-advanced-2026-data-exposure-cloud-storage

Sources: 5 (Deccan Herald, Sunday Guardian Live, IIT Roorkee on X, Outlook India)

Published: 5 June 2026

Short answer

On June 2, 2026, the day after JEE Advanced 2026 results were declared, a 16-year-old cybersecurity researcher found that 1.79 lakh candidate result records and 1.87 lakh admit card files were publicly accessible from IIT Roorkee's results portal — without any login. IIT Roorkee confirmed the issue and fixed it. The data was read-only. No alteration is confirmed. The researcher disclosed responsibly.

What happened

JEE Advanced 2026 results were declared on June 1, 2026 by IIT Roorkee.

On June 2, a 16-year-old researcher, Rylen Anil (handle: @DarthKermy72747), discovered that a cloud storage bucket linked to the JEE Advanced results portal had a misconfiguration. Anyone

could access candidate data without a login or password.

What was exposed:

- 1,79,600 candidate result records
- 1,87,300 admit card PDF files
- Personal and examination information visible without authentication

Rylen shared findings on X, alerting IIT Roorkee.

IIT Roorkee acknowledged publicly on June 2: *"Thank you @DarthKermy72747 for pointing out the configuration issue in the cloud storage device. The same is being plugged on priority. The data stored was read-only, so there was no possibility of any alteration. We applaud your responsible and ethical behaviour."*

What was NOT confirmed

- No evidence of data being maliciously downloaded or misused
 - No evidence of alteration (IIT Roorkee confirmed data was read-only)
 - No official investigation announced by government
-

Why it matters

JEE Advanced is the gateway to IIT admissions. In a year when NEET's paper was leaked, CBSE's OSM system generated complaints, and CUET faced technical glitches, a data exposure at JEE Advanced — even without malicious use — raises legitimate questions about how India's exam infrastructure handles student data security.

The researcher's ethical disclosure was praised. That a 16-year-old found it before any official security audit is the more important question.

SECTION J — CWI SOCIAL CAPTIONS

For CJP + June 6:

CJP. 22 million followers. Website blocked. Instagram hacked. First press conference trolled.
Now: June 6. Jantar Mantar. Sonam Wangchuk. Dipke flying in from Boston.
CWI tracked every development — with sources, not screenshots.

 [link] #CJP #CockroachJantaParty #June6Protest #StudentsFirst

For CBSE OSM:

When people say "CBSE row," they don't mean a paper leak.
They mean 85% pass rate, blurred scans, protest at Indira Bhawan, and lakhs of Class 12 students whose re-evaluation option was removed.

CWI explains the CBSE OSM controversy that's actually happening.

 [link] #CBSE2026 #OnScreenMarking #StudentVoice

For JEE data breach:

A 16-year-old found 1.79 lakh JEE Advanced 2026 student records publicly accessible.
No login needed. No password.

IIT Roorkee confirmed it and fixed it.

The question is: who was supposed to catch this before a teenager did?

 [link] #JEEAdvanced2026 #DataSecurity #DigitalRights

For Sonam Wangchuk + CJP:

Sonam Wangchuk: released from NSA detention in March. Now joining the Gen Z protest if Pradhan doesn't resign.

CWI explains what his involvement means and what he actually said.

SECTION K — SEO KEYWORDS

NEET: NEET UG 2026 re-exam June 21, NEET admit card June 14 2026, NEET fee refund deadline, NEET CBT from 2027, NTA restructuring roadmap Supreme Court

CBSE: CBSE Class 12 OSM controversy 2026, CBSE on-screen marking results blurred scans, CBSE pass rate 85 percent 2026, CBSE re-evaluation protest

CUET: CUET-UG 2026 technical glitch, CUET delay TCS NTA, CUET exam disruption May 2026

JEE: JEE Advanced 2026 data leak, IIT Roorkee cloud storage exposure, JEE Advanced candidate data breach

CJP: Cockroach Janta Party June 6 protest, Abhijeet Dipke Delhi airport, CJP Jantar Mantar, Cockroach party Dharmendra Pradhan resign, CJP website blocked India

Sonam Wangchuk: Sonam Wangchuk CJP protest, Wangchuk joins June 6 Jantar Mantar, Wangchuk NSA released, Ladakh Sixth Schedule 2026 rejected

SECTION L — CWI EDITORIAL VERDICT

This research pack covers five distinct but interconnected threads in India's exam accountability crisis of May-June 2026:

1. **NEET UG 2026** — confirmed paper leak, confirmed cancellation, confirmed CBI probe, SC demanding structural reform. Re-exam June 21. Not resolved.
2. **CBSE Class 12 OSM** — confirmed marking system controversy. Not a paper leak. Students protested. MoE monitoring. Results disputed by lakhs of students. Not resolved.
3. **CUET-UG glitch** — confirmed technical disruption. Not a leak. TCS vendor blamed. Students compensated but pattern of NTA failures raises legitimate questions.
4. **JEE Advanced data exposure** — confirmed misconfiguration. Fixed quickly. Ethical disclosure. No confirmed malicious use. Raises digital security questions.

5. **CJP and June 6 protest** — confirmed movement. Confirmed platform actions. First offline test tomorrow. Sonam Wangchuk's support confirmed. Dipke's return confirmed. Protest permission and Dipke's arrest status: **Developing**.

CWI's position: Each of these deserves separate, careful coverage. Lumping them all as "India exam crisis" without separating cause, confirmation status, and accountability trail does students a disservice. CWI separates, labels, and sources each.

The public memory matters. The Watch never sleeps.
